7	<p>Dropout Rate decreased substantially in all the levels. The annual average dropout rate for the year 2020-21 at Secondary level was 9%. However, it is important to note that the dropout rate amongst the ST and Muslim children is still very high. It is also important to mention that the dropout in certain Districts is very high than the State average.</p>				<p>The dropout rate of the State was consistently decreasing. Since schools were closed unprecedentedly and without any prior response mechanism, an increase of dropout has been observed in the first year of the Covid-19, i.e. 2020, across all gender and social categories. The dropout is observed at Primary Level and again at Secondary Level. The dropout at Secondary Level is affected by multiple factors beyond the school system, largely influenced by covid-19 spread and lockdown. Similarly, dropout at Primary level was affected by longer duration of school closure and fear of spread of COVID-19 among parents. In spite of the much challenging situation, the State was able to slightly reduce dropout at Upper Primary Level.</p>	<p>The dropout rate amongst the ST (9%) and Muslim (18%) children is still very high at Secondary level.</p>
8	<p>There are 13,000 elementary schools with adverse PTR and 25,000 surplus teachers in the government School the PTR is 23 at Primary and 14 at Upper Primary Level in the State. It is strongly recommended that the State needs to re-deploy the excess teachers to the schools having adverse PTR as per RTE.</p>				<p>The State is consistently working to address the issue of adverse PTR in elementary grades. As per UDISE 2021-22 adverse PTR is reduced from 13,000 to 7572, which indicates a consistent reduction in the number of schools with adverse PTR in elementary grades in the State. Besides, the State has also advertised recruitment of new teachers (dated 16th December 2022), consisting of 21,000 posts at primary grades and 27,000 posts at Upper Primary grades. This will help in achieving the desired PTR in Elementary schools.</p>	<p>Noted</p>
9	<p>There are 8,704 Primary and 248 Upper Primary single Teacher Schools.</p>				<p>The single-teacher Primary schools reduced from 8704 to 7276 in last one year. The State is still working to reduce single teacher Upper Primary Schools, which is 272 as per UDISE 2021-22. Considering the requirement, the state is recruiting new teachers at primary and upper primary level. So far, 21000 posts for Primary grades and 27000 posts for Upper Primary grades have been advertised by the State Government on 16th December 2022. This will help in deploying teachers in single teacher schools at Primary and Upper Primary Level.</p>	<p>As per UDISE 2021-22 there are 9103 Primary and 275 Upper Primary single teacher schools.</p>

S. No.	Observations in the PAB of 2022 - 23	Action taken with Comments	Remarks
10	There are 25,182 surplus Teachers at Elementary level as per UDISE 2020-21. State needs to go for a rationalization to teachers, to ensure availability of required number of teachers in all schools.	The State has Teachers' Rationalization Policy issued on 29th May 2019, which facilitate the rationalization of teachers in the State in every two years. The last rationalization was done in 2021 and it is expected that the State would rationalize teachers in 2023-24 as per State norms under RTE Act. As mentioned in previous points for adverse PTR, the State has already advertised more posts for teachers in primary and upper primary grades in Dec 2022.	There are still 22,949 surplus Teachers at Elementary Level.
11	Pending Works in Non- recurring/ Spill over: The details of Pending civil works under Elementary and Secondary Education are at table at Para 5.	The details of pending non-recurring interventions under different components are as detailed in the table at Para 5. State was asked to ensure that the in-progress works are completed on priority in this financial year.	All pending works will be completed till December 2023.

The Balance of the outlay (i.e. Rs. 121287.558 lakh) approved under Non-recurring components in previous years which is not spent fully, is the outlay saved/spill over for the subsequent year (i.e. 2022-23). Against the above Spill over, the committed liability of Department of SE&L is Rs. 44875.13 lakh (Rs. 11496.26 lakh for Elementary, Rs. 33426.33 lakh for Secondary and Rs. -47.46 lakh under Teacher Education after surrender) keeping in view the total approvals and grants already released.

Handwritten signature: A. Agnewal

Non-recurring grant will be released against the committed liabilities and the fresh approvals subject to the production of required documents by State/UTs and physical and financial progress of these interventions under the non-recurring head.

As per Section 7(5) of the RTE Act, 2009, the State Government shall after taking into consideration the sum provided by the Central Government above and the mandatory matching State share, provide the balance funds necessary to fulfil the estimate for the implementation of the Act. The interventions under the Samagra Shiksha comprise of activities pertaining to Elementary, Secondary and Teacher Education respectively and there is a single Budget for Samagra Shiksha in the Demand for Grants (BE) 2023-24. The release of funds would be from a single Budget Head only. However, for purposes of ascertaining the quantum of funds going to each component, the Sub-Heads for Elementary (including Teacher Education) and Secondary Education has been classified separately.

The State should invariably provide Single Budget Head during 2023-24 and the nomenclature should be Samagra Shiksha. Since Samagra Shiksha would be catering to various activities relating to RTE entitlements and all other Elementary interventions as well as Teacher Training and activities for BRCs and CRCs which forms the portion of Teacher Education activities as well as for Secondary Education, the States shall also provide a suitable Nomenclature with Sub-Heads to identify the disbursement of funds separately under all components of Samagra Shiksha. Fund flow to SCERTs, DIETs etc. will be through State Nodal Account of State Implementing Society only.

8. Flexibility for Efficient and Effective Implementation

With a view to encourage ease of business and to provide more flexibility for efficient and effective implementation of the Samagra Shiksha Scheme, it has been decided that:

- i. In case of ineluctable needs, the targeted locations for approved Samagra Shiksha interventions can be modified up to 10% of the total allocations by the State/UT without any change in the financial costs. For Example- If the intervention of 100 Smart Class have been sanctioned to 100 schools, the location of 10 schools may be changed to other schools by States/UTs, subject to the conditions that new schools (Schools in which smart class is now provided) are fulfilling the Samagra Shiksha Norms/criteria of sanction of Smart Class.

Also, the modified locations should not amount to more than 10% of the total financial approval for the given activity as well. **It is noteworthy that the location should be changed only when it is not possible to implement that activity at the approved location.** While changing the location of any interventions, the norms of Samagra Shiksha for that particular intervention should be strictly adhered to. Any change in this connection, should be informed to the Department with proper justification and supporting documents.

- ii. Further, wherever States/UTs involve/engage a third party or organisation for the implementation of a programme/intervention/activity approved under the Samagra Shiksha Scheme, the complete responsibility for such involvement/engagement of the third party with reference to financial/legal or any other implications will rest with the respective State/UT only.

Approval of any activity under Samagra Shiksha Scheme for which third party has been engaged by the State/UT does not tantamount to any endorsement (financial/legal and any other) by the Ministry of Education for the involvement/engagement of such third party or organisation.

9. Surrender of Infrastructure/Civil Works
