4. Review of performance during 2022-23:

State had secured a score of 928 in Performance Grading Index (PGI) and was placed in Grade L2. The Domain-wise Gaps in 2020-21 as compared to 2019-20 and 2018-19 are shown below:

Year	Category 1				Category 2	Total
	Domain 1 (180)	Domain 2 (80)	Domain 3 (150)	Domain 4 (230)	Domain 1 (360)	All Domains (1000)
2018-19	126	65	128	209	241	769
GAP	54	15	22	21	119	231
2019-20	126	79	150	228	346	929
GAP	54	01	NIL	02	14	71
2020-21	126	79	150	225	348	928
GAP	54	01	NIL	05	12	72

State was requested to examine its score in each domain and take measures to improve its overall PGI score.

- Learning Outcomes and Quality (C-1, D-1):** State has displayed stagnancy in terms of improvement in this sector and thus it needs to work on providing interventions to improve the learning outcomes of the students.
- Access Outcomes (C-1, D-2):** State has shown remarkably improvement in the areas such as enrolment, retention of students, identifying and mainstreaming of out of school childrens. State should continue to adopt the planning strategy for conduction of surveys to identify children who are Out of School and have returned due to reverse migration and other reasons.
- Infrastructure & Facilities (C-1, D-3):** State has shown substantial improvement under this and was encouraged to take further measures to remain at the top grade, with specific focus on areas where the performance is low i.e., Additional Classrooms, Electrification and Toilets at elementary level.
- Equity Outcomes (C-1, D-4):** There has been improvement in this sector and the State should work on furthering the agenda to consistently improve its score.

e) **Governance Processes (C-2, D-1):** State has shown remarkably improvement under this, it still needs more focus as the PGI accords the highest importance to this domain as compliance with indicators here will lead to critical structural reforms. Thus, specific focus is required on % of Upper Primary schools meeting norms of subject-teacher as per RTE, Number of teachers transferred through a transparent online system as a % of total number of teachers transferred, Number of head-teachers/principals recruited through a merit-based selection system as a % of total number of head-teachers/principals recruited (in the given year) and Funds (including value of goods and services in kind) arranged through PPP, CSR as a percentage of State budget on schools education.

- **Net Enrolment Ratio (NER):** The NER has declined at all levels but it has a drastic decline at secondary (94.61 to 52.50) and senior secondary (59.43 to 44.88) level from the year 2020-21 to 2021-22. State would need to focus on improving the NER at these levels by bringing back children to the age-appropriate classes.
- **Dropout Rate:** There is substantial increase in the drop out rate at secondary level from 9.0 to 17.2 from 2020-21 to 2021-22 for which State needs to review and continue taking adequate measures to reduce the dropout rate and improve the retention rate at secondary and elementary level as well. State may also have a district level survey to get the actual numbers of dropout rate.
- **Surplus Teachers at Elementary level:** There are still 9676 Surplus Teachers at Elementary Level, while the numbers of single teacher schools are 2331 and 118 at primary and upper primary levels respectively. The proportion of schools with adverse PTR is also quite high at 28.15% and 20.97% at the primary and upper primary level, respectively. State needs to go for a rationalization of teachers, to ensure availability of required number of teachers in all schools.
- **Subject PTR at Secondary level:** 84.40% secondary schools are having teachers for all core subjects with some districts e.g., Nawanshahr (70.37%), Jalandhar (71.23%), Taran Taran (71.27%), Kapurthala (77.54%), Gurdaspur (77.73%) etc., having below par percentage of secondary schools with four subject teachers. The average subject PTR at the secondary level is 25 for Language, 49 for Mathematics, 44 for Science and 57 for Social Studies. State needs to ensure required number of Language, Mathematics, Science and Social Studies teachers in all schools at the secondary level.

- **Teacher vacancy at Elementary level:** There are 172 vacant posts of teachers in Govt. Elementary schools in 2023-24, which is a decrease of 0.05% from 2022-23. Though there is a decrease in the vacant posts of teachers, the remaining numbers of vacant posts are still high and that would need to be filled on priority.
- **Teacher vacancy at Secondary level:** There are vacant 1175 posts of teachers at gov. Secondary schools in 2023-24, which is a decrease of 1.79% from 2022-23. The State would need to fill the remaining vacant posts on priority.
- **Inclusive Education:** Out of a total number of 61, 47,500 students, the number of Children with Disability (CwD) is 66,776 i.e., less than 1.1%. Further, out of a total number of 27,701 schools, the percentage schools with special educators are 79.80% while only 8.17% teachers are trained on Inclusive Education. State is requested to take concerted efforts to ensure timely identification for wider coverage and requisite special educators.
- **Vacancy of Academic positions in TEIs:**
 - (i) **Vacancy of academic positions in SCERT** is 80.00% with 9 faculties in position as against total recommended posts of 45 as per the scheme. These vacant posts need to be filled up on priority as it is also directly impacting PGI indicator# 2.1.12.
 - (ii) **Vacancy of academic positions in 17 Functional DIETs** is 90.82% with only 39 faculties in position as against a total recommended strength of 425 (25 Academic posts per DIET). These vacant posts need to be filled up on priority as it is also directly impacting PGI indicator # 2.1.12.

As per Budget Announcement for 2023, the focus of the Ministry is strengthening of SCERTs and DIETs and as such State need to prioritize the process of filling up of existing vacancies of academic positions in these institutions.

The interventions under the Samagra Shiksha comprise of activities pertaining to Elementary, Secondary and Teacher Education respectively and there is a single Budget for Samagra Shiksha in the Demand for Grants (BE) 2023-24. The release of funds would be from a single Budget Head only. However, for purposes of ascertaining the quantum of funds going to each component, the Sub-Heads for Elementary (including Teacher Education) and Secondary Education has been classified separately.

The State should invariably provide Single Budget Head during 2023-24 and the nomenclature should be Samagra Shiksha. Since Samagra Shiksha would be catering to various activities relating to RTE entitlements and all other Elementary interventions as well as Teacher Training and activities for BRCs and CRCs which forms the portion of Teacher Education activities as well as for Secondary Education, the States shall also provide a suitable Nomenclature with Sub-Heads to identify the disbursement of funds separately

under all components of Samagra Shiksha. Fund flow to SCERTs, DIETs etc. will be through State Nodal Account of State Implementing Society only.

8. Spill Over

An outlay of **Rs. 28064.77 lakh** as Spill over under various activities falling under Elementary Education, Secondary Education and Teacher Education was estimated with the condition that all pending activities should be completed during this year 2023-24. The detail is enclosed at *Annexure II*.

9. Costing Sheet

The consolidated item-wise estimate for 2023-24 is at *Annexure III*. The State must bifurcate the annexed costing sheet among all the Districts according to their proposals/approvals and capture the district wise expenditure against the budget allotted, on the PRABANDH portal on a monthly basis for the real time monitoring of each activity/component approved under Samagra Shiksha. Also, State needs to ensure that timely implementation of the various interventions as per the annual calendar of activities submitted.

The meeting ended with a vote of thanks to the Chair.
