Foreword

The handbook “Educational Statistics at a Glance” is an abstract of data contained in various publications of this Department.

The present handbook, which is the fourth in the series, is an attempt to present key national level educational statistics in a compact and easy-to-carry form. The Statistics Division of the department deserves to be complimented for this initiative.

I hope this handbook will be of great use. We will greatly appreciate any suggestions for its improvement.

(Ashok Thakur)

Preface

“Educational Statistics at a Glance” is a handbook which presents statistical data on important educational indicators, different parameters of school and higher education, budgetary expenditure on education, population, literacy etc. Most of the data in the handbook is already contained in various publications of the Ministry.

Attempt has been made to present time series data on number of institutions, enrolment as well as important indicators like Gross Enrolment Ratio, Gender Parity Index and Pupil Teacher Ratio.

It is our constant endeavour to improve the handbook. Further suggestions/comments/changes, if any, for improving the handbook are always welcome and may be sent to the Statistics Division in the Department.

[Dr. Vijay P. Goel]
