8<sup>th</sup> February, 2017

*Dear Tucker,*

Government of India through Ministry of Health and Family Welfare is conducting National Deworming Day (NDD) on 10<sup>th</sup> February each year across all States and Union Territories. On 10<sup>th</sup> February, 2017, all children in the age group of 1 to 19 years will be dewormed with Albendazole 400 mg tablet. The administration of Albendazole will be conducted in all schools and anganwadi centres. In this regard, please find enclosed herewith a copy of the letter dated 25.1.2017 from Secretary, Department of Health & Family Welfare, Nirman Bhavan, New Delhi.

2. I shall be grateful if your State/UT could cooperate towards the reduction of STH infection through participation in the planning and implementation activity during the upcoming NDD campaign on the following key areas:

- Involvement of all private schools in implementation of NDD.
- Providing data on out of school children for all the States/UTs.
- Place requisite indent for Albendazole tablet supply to the Department of Health and Family Welfare based on school enrolment figures.
- Train teachers to administer deworming drugs at schools in convergence with Department of Health and Family Welfare and briefing them on possible adverse events and their management.
- Dissemination of IEC material to all schools, including community mobilization through School Management Committees.
- Department officials should be encouraged to undertake field visits for monitoring and supportive supervision.
- Report coverage data to the Department of Health and Family Welfare in standardized formats within specified timelines.

3. I look forward to your cooperation in making the NDD a successful implementation in your State/Union Territory.

*regards,*

Yours sincerely,

124 'C' Wing, Shastri Bhawan, New Delhi-110 0018<sup>th</sup> February, 2017

Dear Sir,

Government of India through Ministry of Health and Family Welfare is conducting National Deworming Day (NDD) on 10<sup>th</sup> February each year across all States and Union Territories. On 10<sup>th</sup> February, 2017, all children in the age group of 1 to 19 years will be dewormed with Albendazole 400 mg tablet. The administration of Albendazole will be conducted in all schools and anganwadi centres. In this regard, please find enclosed herewith a copy of the letter dated 25.1.2017 from Secretary, Department of Health & Family Welfare, Nirman Bhavan, New Delhi.

2. I shall be grateful if your State/UT could cooperate towards the reduction of STH infection through participation in the planning and implementation activity during the upcoming NDD campaign on the following key areas:

- Involvement of all private schools in implementation of NDD.
- Providing data on out of school children for all the States/UTs.
- Place requisite indent for Albendazole tablet supply to the Department of Health and Family Welfare based on school enrolment figures.
- Train teachers to administer deworming drugs at schools in convergence with Department of Health and Family Welfare and briefing them on possible adverse events and their management.
- Dissemination of IEC material to all schools, including community mobilization through School Management Committees.
- Department officials should be encouraged to undertake field visits for monitoring and supportive supervision.
- Report coverage data to the Department of Health and Family Welfare in standardized formats within specified timelines.

3. I look forward to your cooperation in making the NDD a successful implementation in your State/Union Territory.

regards,

Yours sincerely,

(Anil Swarup)

In this regard, please find enclosed herewith a copy of the letter dated 25.1.2017 from Secretary, Department of Health & Family Welfare, Nirman Bhavan, New Delhi.

2. I shall be grateful if your State/UT could cooperate towards the reduction of STH infection through participation in the planning and implementation activity during the upcoming NDD campaign on the following key areas:

- Involvement of all private schools in implementation of NDD.
- Providing data on out of school children for all the States/UTs.
- Place requisite indent for Albendazole tablet supply to the Department of Health and Family Welfare based on school enrolment figures.
- Train teachers to administer deworming drugs at schools in convergence with Department of Health and Family Welfare and briefing them on possible adverse events and their management.
- Dissemination of IEC material to all schools, including community mobilization through School Management Committees.
- Department officials should be encouraged to undertake field visits for monitoring and supportive supervision.
- Report coverage data to the Department of Health and Family Welfare in standardized formats within specified timelines.

3. I look forward to your cooperation in making the NDD a successful implementation in your State/Union Territory.

D.O.No.Z.28020/237/2013-CH  
Dated : 25<sup>th</sup> January, 2017

Dear Sir,

With an aim to intensify efforts towards control of Soil Transmitted Helminthes (STH), also referred to as Parasitic Intestinal Worms, it has been decided by Ministry of Health and Family Welfare to conduct National Deworming Day (NDD) on 10<sup>th</sup> February each year across all States and Union Territories. On NDD – 10<sup>th</sup> February, 2017, all children in the age group of 1 to 19 years will be dewormed with Albendazole 400 mg tablet. The administration of Albendazole will be conducted in all schools and anganwadi centres. The NDD has reached an unprecedented coverage of providing deworming treatment to 8.9 crore children in February 2015, 17.9 crore children in February 2016 and 12 crore children in August 2016 round.

While undertaking such a mammoth task, I look forward to your support and firmly believe that together we will be able to ensure a high quality NDD. Your cooperation and sustained efforts towards the reduction of STH infection is sincerely appreciated. The Department of School Education & Literacy, Ministry of Human Resource Development may please issue instructions to the State Governments to participate in the planning and implementation activity during the upcoming NDD campaign on the following key areas:-

- Involvement of all private schools in implementation of NDD.
- Providing data on out of school children for all the States/UTs.
- Place requisite indent for Albendazole tablet supply to the Department of Health and Family Welfare based on school enrolment figures.
- Train teachers to administer deworming drugs at schools in convergence with Department of Health and Family Welfare and briefing them on possible adverse events and their management.
- Dissemination of IEC material to all schools, including community mobilization through School Management Committees.
- Department officials should be encouraged to undertake field visits for monitoring and supportive supervision.
- Report coverage data to the Department of Health and Family Welfare in standardized formats within specified timelines.

I look forward to your active support for the upcoming NDD programme.

With regards,

Yours sincerely,

  
(C.K. Mishra)
